

2019 Summer Blended Personal Wellness

Edina High School Physical Education provides summer school for Edina Public School students who are interested in taking a blended Personal Wellness class. Our mission is to provide students with an opportunity for a high quality and personalized educational experience where students can personalize their workout during the summer months. This course is open to 9-12th grade EHS who are enrolled in less than 14 academic credits for the 2019-20 school year. This class cannot be a 15th credit (student preps do not count as a credit). This course is designed for self-motivated students who are willing to do the independent work during the summer.

Students will have a combination of face-to-face learning that will lead into an online class for the last 4 weeks of the summer. Students will track their activity and complete an online wellness curriculum.

REQUIREMENTS FOR EARNING CREDIT DURING SUMMER SCHOOL:

1. **Attendance** is required for credit. Due to the compact nature of curriculum offered over summer, **students missing more than two classes for any reason (3 tardies will count the same as an absence) will be dismissed from summer school.** There are no exceptions. This policy is not meant to be punitive, but is a reality in earning a credit for graduation in this short period of time.

2. **Coursework:** All assignments must be completed to the satisfaction of the teacher. Students should expect 5-7 hours of homework each week. This includes the requirement of 5 x 45 minute workouts and any Schoology assignments. Grades are listed on the transcript as A-F and will be added to the transcript in fall of 2019. Coursework must be fully completed by the last day of the course which is August 16th. **Coursework will not be carried over into the next school year.** Students who do not finish their course will need to meet with their EHS counselor to schedule the course into their schedule for the future.

3. **Behavior Expectations:** Follow all rules and expectations of the high school, including showing respect to peers and staff. Any conduct issues may result in removal from summer school. Any suspensions will result in automatic removal from the summer program.
