

2020 Edina Middle School XC Rainout Policy

In recognition of this year's unique lack of any indoor facilities available to us, we understand that in wet conditions students coming from in-person class will be unable to keep backpacks dry. For this reason, please refer to the following instructions for the rest of the season.

If either one of the two following conditions are met for any given practice this season, middle school practice will be OPTIONAL (at least one coach will be in attendance regardless).

- If, at the time of school ending (4:05 pm), it is actively raining, practice is OPTIONAL.
- If, in any available local weather forecast, there is a 50% or greater chance of rain at 5 pm, practice is OPTIONAL.

If any questions arise on any given day as to whether practice is mandatory or optional, please call or text Noah Chestler at (612)-206-4840.
