College and Career Considerations following Registration: A few things to consider following registration for 11th grade classes.

Thoughts and Ideas – As far as 4-year colleges and universities are concerned, English, Math, Science, Social Studies and World Language are college preparatory courses. College admissions offices want to know that you take classes that challenge you and that you do well in those specific classes. Hopefully you enrolled in courses that meet graduation requirements as well as prepare you for your future. We want you to be mindful of having college preparatory coursework with balance.

MYAP (Multi-Year Academic Planner) **must have been** completed with registration. This tool requires you to map out all 4 years of the courses you will be taking. It will help you make sure you meet graduation requirement while also putting coursework to help you look at future interests. **This planner can be and quite possibly will be changed each year so that as likes and dislikes change, MYAP can be changed.**

Summer Opportunity Fair: Students took advantage of summer and school year opportunities to explore careers and consider colleges last February. The Counseling Department along with ACCESS volunteers in the College and Career Center offered a “Summer Opportunity Fair” on Thursday, February 19th in the High School Commons. There were over 20 booths where community education and volunteer and employment opportunities informed the students.

Students gained valuable insight into summer possibilities at the Summer Opportunity Fair. If you would like further information in regards to all of the programs available to students at EHS, see the following link: <http://bit.ly/edinasummer>

Minnesota Business Venture – This week-long, residential summer program for 9-12 grade students learn about leadership, business, financial literacy and career options. Resident business leaders, speakers, mock interviewers and other volunteers mentor and guide student through the week’s activities, including creating a business plan. Students can attend at the University of St. Thomas (July 12-17) or St. John’s University (July 26-31). Online applications are available at <https://bestprep.org/minnesota-business-venture/> If you want more information, please stop by and see Mr. Hicks in the Counseling Office.

Class of 2022: The One Thing Your SOPHOMORES Should Do Right Now: Participate in an Extracurricular Activity

Grit. Creativity. Teamwork. Responsibility. Composure.

These social and emotional skills – behavioral skills needed to succeed in college and career – are often not explicitly taught in an academic setting.

This is why participation in extracurricular activities is vital. Research shows a correlation between extracurricular involvement and higher retention rates in high school and college. Also, interpersonal skills are becoming more and more important in the workforce.

Students should be cultivating these skills as soon as they can!

Get back on to your Naviance account. This is the counseling department’s one-stop shop for all information for students in regards to the college planning process. For example, starting in second semester, if students place a name of a college they are interested into “Colleges I Am Thinking About” (within the “Colleges” tab), students will receive an e-mail reminder when that school visits Edina High School.

Local College Fairs: Starting in March, local high schools will be holding College Fairs. Listed below are fairs close to Edina. This would be a great opportunity to start thinking about your post-secondary plans. Parents and students attending these local fairs can meet one-on-one with representatives from colleges and universities to discuss admission and financial aid opportunities at their respective institutions. Review the list below of the college that will be at the fair. More information can be found at <http://www.mn-acac.org/MEFstudents>

- **Shakopee HS** March 10th
- **Hopkins HS** March 10th
- **Eden Prairie HS** March 10th
- **St. Louis Park HS** March 11th

On Tuesday, February 5th, ACCESS and College Counseling put on the 1st 2 Year and Community College Fair at EHS. Many students took advantage of the numerous opportunities these schools have to offer. This annual event will take place each February in the future.

ADVISORY

Academic Check-ins

- ✓ A check-in with your advisory teacher will be happening on March 19th, just prior to spring break
 - These check-ins are to see how the year is going academically, as well as setting goals for the semester

Lastly, remember that there is nothing more important than keeping up with your academic goals and the grades in each of the courses you are enrolled. You are making your future at the present time. You hold the key. The actions you take every day shape your future
