

# Edina Public Schools

## Common Math Pathways Grades 6 – 12

### Graduation Requirements

1. Students must complete at least 3 years of math in grades 9 – 12.
2. Students must pass the MN GRAD which is administered in grade 11.

**Further Acceleration Options:** After successful completion of Algebra, consider taking Geometry through an online provider and then taking Advanced Algebra. After successful completion of FST or AP Stats and Trig, consider taking Precalculus at a community college and then taking one of the AP Calculus courses.
