Get involved in your school!

We are very excited to start another school year! Student participation in extra-curricular activities exemplify what we at Edina Public Schools want for our students: well-rounded, young adults who achieve success in the classroom and participate in activities outside the classroom.

Whether our students are playing on the field, performing on stage, or competing in academic challenges, we recognize the vital importance that participation in extra-curricular activities plays in creating a positive high school experience. I hope you get involved in your school this year.

Looking forward to a successful year!

Yours in,

Hornet Pride!

Assistant Principal/ Activities Director
